Thank you for your letter of December 8, 1947.

I am sorry that there is no arrangement to give any sort of official status of government listening posts to radio amateurs interested in this work. We should be happy, however, to receive reports from you of significant changes in frequencies and schedules of foreign transmitters.

Under separate cover you are being mailed a copy of "Shortwave Broadcasting Stations of the World According to Frequency" which may be of assistance to you in your monitoring.

Very truly yours,
